Club News

February already! Not long now until the summer season starts & with this in mind can we remind all members wishing to compete in any of this year's club competitions to enter their name & handicap in the folder held at the bar.

A number of suggestions have been put forward to help promote the clubhouse facilities to the wider public. We hope to be in a position to inform members further regarding these proposals in the not too distant future.

The golf club is still actively seeking a replacement secretary, J Ironside is continuing at the moment as acting secretary. If anyone would like to take up the position he would gladly take the time to assist and guide them in the beginning.

We apologise for the recent inconvenience to access the club due the storm damage to the club roof, this has now been repaired under the club's insurance. Members should note that one car had minor damage from a falling tile, and the club's insurance company would not entertain a claim for its repair.

Insurance say negligence by the club would have to be proven for a claim to be met, so members take note. The car parks are not part of the golf club; they are under the jurisdiction of the golf course.

A diary is now available for 2016 detailing all the important golfing events throughout the year. Please ask at the bar for your free copy.

Finally, a gentle reminder to any members who still have to pay their club & course fees for 2016. These are now due!

Celebrate A Special Event At The Club

Our facilities are available for use by members and also available for hire to non-members by arrangement. We think you would find our club an ideal venue for small receptions, birthday, anniversary or retiral parties.

Mhari Hannah and her catering staff will provide catering for your party or function, from stovies, sandwiches, buffets to full meals. She would be delighted to discuss your requirements.

Course News

Due to the poor quality of the bunker on the right hand side of the 9th fairway, this has now been backfilled & re-seeded. Construction of the bunker on the right hand side of the 4th green continues & we hope to have this completed in the near future. Mats will be use until the end of March.

The Pro's Notes

Lindsay Ewart has offers on a wide range of putters and clubs in stock including a special offer on TaylorMade R15 drivers at £199. Call in and see him for the best offers.

What's On In The Clubhouse

This year's Nod Scramble is due to take place on the 26/03/2016 & the club is planning to hold a quiz shortly after the conclusion of the competition. Let's hope those of you who have scored well on the course can continue your good form in the clubhouse! The social committee welcome suggestions regarding possible events to be held at the club. Leave any ideas at the bar & we will see what we can do. Keep an eye out for other up & coming events!

Up & Coming Competition Dates

Final date of winter league – 20/03/2016
Nod Scramble – 26/03/2016

Acknowledgements

Scott Arbuthnott recently celebrated his 60th birthday with friends & family at the club, during which he asked his guests to kindly donate towards the Artisan juniors & has managed to raise £700.00. I'm sure you will all agree what a wonderful gesture this is & I hope we can put the money to good use to help develop our up & coming "Tigers" & "Pink Panthers"
